

Clearfield® Canola Varieties

Blackleg:	R
Harvestability:	Very Good
Maturity¹:	-1.95 days

Blackleg:	R
Harvestability:	Excellent
Maturity¹:	+1.3 days

5535^{CL}

Top-performing, Earlier Maturing Variety

5535 CL is best suited for farmers looking for an earlier maturing variety and is a complement to 5525 CL in our portfolio. 5535 CL has great yield performance. In the 2012 Canola Performance Trials (CPTs²), 5535 CL demonstrated its strong yield performance in short season zones.

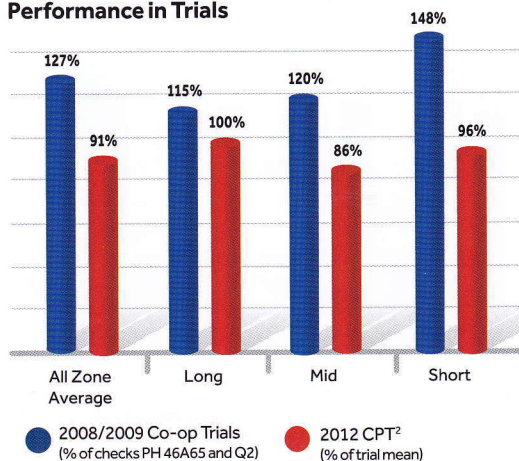

5525^{CL}

Consistent Yield Performance, Easy to Harvest and Marketing Flexibility

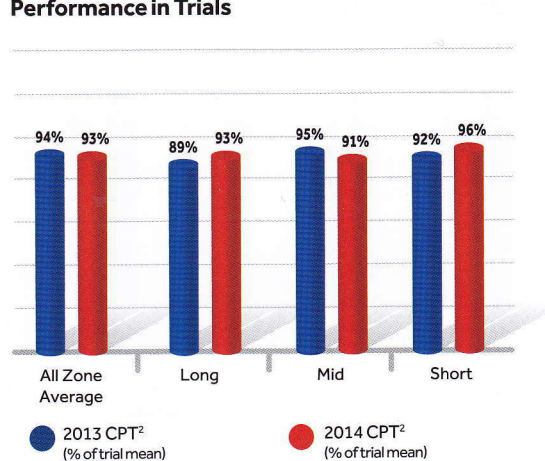

5525 CL is a proven, consistent yield performer in the Clearfield® commodity oil class that is best suited to the long and mid-maturity growing zones. 5525 CL also has what is becoming a hallmark of BrettYoung canola, excellent standability, making it easy to harvest. As a commodity oil variety, 5525 CL offers complete marketing flexibility and all, if not more, profit potential of specialty oil Clearfield canola.
